Introduction

This 2019 Body Worn Camera Report contains a summary of departments that submitted body worn camera program reports to the Illinois Law Enforcement Training and Standards Board (ILETSB). Each department overview includes narrative information and data provided by the department. Visual charts identify the ten (10) most frequent charges related to incidents; a single incident may have multiple charges. Departments reporting less than five (5) charges exclude visual charts. ILETSB is the repository for department reports.

Seventy-five (75) law enforcement departments submitted body worn camera program reports for the period of January 1, 2019, to December 31, 2019. Categorically, six (6) campus law enforcement departments, nine (9) sheriff's offices, and sixty (60) municipal law enforcement departments submitted reports.

Five (5) law enforcement departments utilize body worn cameras but had zero (0) recordings for the period of January 1, 2019, to December 31, 2019. Therefore, this report excludes these departments:

- Illinois Central College Campus Police Department
- Loyola University Chicago Department of Campus Safety
- Northern Illinois University Police Department
- San Jose Police Department
- Southern Illinois Airport Authority Police Department
Executive Summary

Departments provide a brief overview, which includes number of officers in the department, number of body worn cameras, and number of officers who use those cameras.

Technical Issues
Common technical issues include low battery life, cameras not charging, difficulty uploading footage, and cameras falling off the officer. Departments may list remedies to the issues.

Review Process
Departments report review policy on body worn camera footage.

Incidents
Departments report incidents when prosecutors use body worn camera footage. This section counts and lists incidents and offenses charged. Please note, one (1) incident may contain multiple offenses charged. Between January 1, 2019, and December 31, 2019, seventy (70) departments report seventy-nine thousand four hundred thirty-four (79,434) incidents leading to eighty-nine thousand five hundred two (89,502) offenses charged. Over fifty-five percent (55%) of offenses charged were the following ten (10) offenses:

Greatest Frequency of Charges

- Issuance of Warrant
- Unlawful Possession of a Controlled/Counterfit Substance
- Domestic Battery
- Driving with Revoked/Suspended License
- Retail Theft
- Driving Under the Influence
- Battery
- Criminal Trespass
- Delivery or Intent to Manufacture/Delivery of a Controlled Substance
- Assault
Department Overview – Bedford Park Police Department

Bedford Park Police Department consists of thirty-six (36) full-time officers who utilize thirty-three (33) body worn cameras.

Technical Issues
Bedford Park Police Department reports minor technical issues with the body worn cameras randomly shutting down. The Department resolves such issues by a reboot of the cameras and cleaning out the socket with air.

Review Process
Bedford Park Police Department has two (2) assigned personnel to review body worn camera videos. The Deputy Chief and a sergeant review the videos each month to ensure each officer is following the Bedford Park Police Department body worn camera policy. The Chief of Police and Deputy Chief receive monthly reviews.

Incidents
Between March 19, 2019, and December 30, 2019, Bedford Park Police Department reports thirty-seven (37) incidents leading to thirty-seven (37) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Retail Theft: 12 incidents
- Driving Under the Influence: 8 incidents
- Aggravated Speeding: 1 incident
- Failed to Register Sex Offender: 2 incidents
- Unlawful Possession of a Controlled/Counterfeit Substance: 1 incident
- Aggravated Assault: 1 incident
- Burglary from a Motor Vehicle: 2 incidents
- Child Endangerment: 1 incident
- Domestic Battery: 1 incident
- Identity Theft: 1 incident
Department Overview – Bellwood Police Department

Bellwood Police Department consists of thirty-nine (39) full-time officers and ten (10) part-time officers. Forty-nine (49) officers utilize body worn cameras.

Technical Issues
Bellwood Police Department reports issues with the body worn cameras failing to function properly. A hard reset of the camera remedies this issue.

Review Process
Bellwood Police Department supervisors review body worn camera recordings to ensure cameras operate, officers appropriately use devices, and to identify areas for training or guidance. Officers are expected to follow body worn camera usage and retention as set forth by 50 ILCS 706/10.

Incidents
Between January 4, 2019, and December 31, 2019, Bellwood Police Department reports one hundred sixty-three (163) incidents leading to one hundred seventy (170) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving with Revoked/Suspended License: 26
- Battery: 19
- Driving Under the Influence: 14
- Resisting or Obstructing a Peace Officer: 13
- Unlawful Possession of a Controlled/Counterfit Substance: 11
- Domestic Battery: 8
- Criminal Damage to Property: 6
- Obstructing Identification: 5
- Motor Vehicle Accident Involving Damage to Vehicle: 5
- Reckless Driving: 6
Department Overview – Bethany Police Department

Bethany Police Department consists of two (2) full-time officers who utilize two (2) body worn cameras, effective June 1, 2019.

Technical Issues
Bethany Police Department reports issues with uploading failures. When technical issues arise, Bethany Police Department contacts the manufacturer to troubleshoot, which resolves the issues.

Review Process
Bethany Police Department Chief of Police reviews all recordings. Reviews are done after the incident or when the Chief is back on duty.

Incidents
Between June 13, 2019, and December 23, 2019, Bethany Police Department reports seven (7) incidents leading to seven (7) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges
Bloomington Police Department contracted with Axon for body worn cameras, officially launching their current program on February 26, 2019. The Department fields ninety-eight (98) body worn cameras with two (2) additional cameras in reserve, for a total of one-hundred and one (101) cameras.

Technical Issues
Bloomington Police Department reports minimal hardware issues, with one (1) camera failing to upload due to a hardware failure. Vendor repairs resolve hardware failure issues.

Review Process
Bloomington Police Department supervisors review footage based on calls for service, complaints, or other relevant issues; a minimum of two (2) random videos per officer per month are reviewed.

Incidents
Between January 1, 2019, and December 31, 2019, Bloomington Police Department reports one thousand two hundred ninety-two (1,292) incidents leading to one thousand four hundred fifty-two (1,452) offenses charged. Below is a snapshot of greatest frequency of offenses charged.
Department Overview – Bourbonnais Police Department

Bourbonnais Police Department consists of twenty-six officers (26) who utilize eleven (11) body worn cameras. The Department consists of one (1) chief, one (1) deputy chief, six (6) sergeants, two (2) detectives, one (1) school resource officer, one (1) special agent, and fourteen (14) patrol officers.

Technical Issues
Bourbonnais Police Department reports user error, battery, clip, and syncing issues.

Review Process
Bourbonnais Police Department shift supervisors and administrators have the right to review body camera videos any time they are investigating alleged misconduct or reports of meritorious conduct, or whenever such recordings would be beneficial in reviewing an officer’s performance or training exercise.

Incidents
Between January 1, 2019, and December 31, 2019, Bourbonnais Police Department reports three hundred fifty-one (351) incidents leading to three hundred seventy (370) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving with Revoked/Suspended License: 76
- Issuance of Warrant: 12
- Driving without a License: 17
- Driving Under the Influence: 13
- Domestic Battery: 11
- Burglary from a Motor Vehicle: 12
- Operating Uninsured Motor Vehicle: 45
- Aggravated Domestic Battery: 8
- Battery: 17
- Resisting or Obstructing a Peace Officer: 121
Department Overview – Broadview Police Department

Broadview Police Department implemented its body worn camera program August 1, 2016. The Department has thirty-one (31) body worn cameras, with twenty-six (26) of the thirty (30) sworn officers utilizing the body worn cameras.

Technical Issues
Broadview Police Department reports no technical issues outside of user error.

Review Process
Broadview Police Department supervisors review body worn camera footage of each officer at least once every sixty (60) day period and log this review in a database.

Supervisors review footage for quality control measures.

Footage may be used for discipline only if a citizen formally or informally files a complaint, an officer uses force during an incident, an incident may result in formal investigation under the Uniform Peace Officers' Disciplinary Act, or as corroboration of other misconduct.

Incidents
Between January 1, 2019, and December 31, 2019, Broadview Police Department reports one thousand four hundred thirteen (1,413) incidents leading to two thousand one hundred forty-six (2,146) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Speeding: 324
- No Insurance: 156
- Driving with Revoked/Suspended License: 181
- Cell Phone use While Driving: 129
- Retail Theft: 129
- Possession of Cannabis: 112
- Uninsured Motor Vehicle: 98
- Expired Registration: 98
- Disobeying Stop Sign: 65
- Tinted Windows: 54
- [Other offenses represented in the pie chart]
Bunker Hill Police Department consists of twelve (12) officers, two (2) full-time and ten (10) part-time, who utilize two (2) body worn cameras.

Technical Issues
Bunker Hill Police Department reports issues with the battery life of the body worn cameras.

Review Process
Bunker Hill Police Department Police Chief reviews the camera(s) weekly or if there is an active investigation/incident where it captured footage needed for review.

Incidents
Between January 7, 2019, and October 12, 2019, Bunker Hill Police Department reports seventeen (17) incidents leading to twenty-six (26) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Criminal Trespassing: 3
- Battery: 2
- Driving Under the Influence: 1
- Improper Lane Usage: 1
- Resisting or Obstructing a Peace Officer: 2
- Aggravated Battery: 1
- Aggravated Sexual Abuse: 1
- Disorderly Conduct: 2
- Domestic Battery: 1
- Driving with Revoked/Suspended License: 1
Department Overview – Centralia Police Department

Centralia Police Department initiated a body worn camera program in July 2018. Five (5) sergeants and thirteen (13) officers use Axon 2 Body Worn Cameras with two (2) extra cameras for future officers.

Technical Issues
Centralia Police Department reports no major technical issues, but a few body worn cameras were exchanged with Axon. Supervisors monitor street-level issues with a body worn camera evaluation sheet. Administrative staff reviews evaluation sheets for reoccurring issues. Issues the Department experiences include officers forgetting to activate cameras, officers inappropriately muting audio, and body worn cameras falling off the officer. Officer experience/familiarity reduces forgetting to activate. Implementing a different mounting on a molle vest resolves the issue.

Review Process
Centralia Police Department supervisors review and forward reports and body worn camera footage for use of force above normal handcuffing and soft empty hand control. Supervisors randomly review three (3) videos each month and maintain a spreadsheet on a shared drive. This process ensures proper use, functionality of equipment, professionalism, and officer safety.

Incidents
Between January 7, 2019, and October 29, 2019, Centralia Police Department reports seventy (70) incidents leading to seventy (70) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Possession of Methamphetamine: 24
- Unlawful Possession of a Controlled/Counterfeit Substance: 19
- Driving Under the Influence: 13
- Delivery or Intent to Manufacture/Delivery of a Controlled Substance: 10
- Obstructing Identification: 5
- Aggravated Discharge of a Firearm: 4
- Possession of a Firearm: 3
- Manufacture or Delivery of Cannabis: 2
- Driving with Revoked/Suspended License: 1
- Resisting or Obstructing a Peace Officer: 1

2019 Body Worn Camera Report
Department Overview – Champaign Police Department

Champaign Police Department consists of one hundred sixteen (116) officers who utilize one hundred sixteen (116) body worn cameras. In July 2017, the City of Champaign Police Department completed its full implementation of body worn cameras to all sworn law enforcement officers in every division of the department.

Technical Issues
Champaign Police Department reports many issues for body worn cameras:

- Officers misclassify footage;
- Charging cables fail. Department purchases cables to resolve issue;
- Camera synchronization failure. Panasonic support staff resolves issue;
- Camera uploading failure. Panasonic support staff manually uploads footage;
- Camera mount failure. Panasonic improves magnetic mounts;
- Improperly activating cameras. Panasonic improves design;
- Camera recording failure. Camera synchronizes incorrectly to car and Wi-Fi connection fails. Department provides further training;
- Footage sharing limitations. State’s Attorney’s Office unable to access shared folder; department provides videos on discs and portable hard drives to ensure the State’s Attorney’s Office receives copies of the videos;
- Previous issues involving lack of free space on the main server was resolved in 2019 by purchasing additional storage space; and
- Other minor issues include loose USB ports causing poor connection, the body worn camera not charging, recording issues, importing errors, and possible short inside the body worn camera. Champaign Police Department staff resolves the issues themselves and/or via the warranty process.

Review Process
Champaign Police Department supervisors:

- Randomly view footage for quality;
- Review use of force incidents above normal handcuffing;
- Review footage officers flag and note footage reviewed before writing report;
- Randomly review footage to ensure policy compliance;
- Review footage before debriefings;
- Review footage of complaints; and
- Review footage of FOIA requests.
Department Overview – Champaign Police Department continued

Deputy Chief reviews accidental footage to maintain officer’s privacy. City of Champaign Legal Department, Champaign County State’s Attorney’s Office, and defense attorneys review footage for legal proceedings. The video program manager (City of Champaign Police Department Lieutenant) reviews random videos on a consistent basis to ensure compliance with the Department’s policy and procedures as well as state law. The City of Champaign Police Department’s Administration and Professional Standards Division review videos related to allegations of misconduct. Beginning May 2019, the City of Champaign Human Relations Commission Citizen Review Subcommittee began reviewing videos related to citizen complaints involving a formal complaint investigation.

Incidents
Between January 1, 2019, and December 31, 2019, Champaign Police Department reports eight hundred two (802) incidents leading to one thousand six hundred forty-eight (1,648) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Aggravated Battery
- Unlawful Use or Possession of Weapons by Felon
- Domestic Battery
- Unlawful Possession of Controlled/Counterfit Substance
- Resisting or Obstructing a Peace Officer
- Theft
- Retail Theft
- Aggravated Unlawful Use of a Weapon
- Aggravated Driving Under the Influence
- Battery
Department Overview – Champaign County Sheriff’s Office

Champaign County Sheriff’s Office consists of fifty-four (54) sworn deputies who utilize fifty-four (54) Axon Body 3 body worn cameras.

Technical Issues
Champaign County Sheriff’s Office reports minor connectivity and off-load issues.

Review Process
Champaign County Sheriff’s Office reports:

Weekly, administrative staff review at least four (4) videos, one (1) from each shift. Captain of the Law Enforcement Division remedies reported issues.

Weekly, shift supervisors review at least six (6) videos from their shift for quality. Patrol Division Lieutenant remedies reported issues. Audits consider information including:

- Subjects advised of recording;
- Appropriate response to resistance;
- Appropriate dialogue with subjects and proper de-escalation techniques;
- Capture best footage;
- Proper categorization; and
- All deputies reviewed.

Incidents
Between March 31, 2019, and December 28, 2019, Champaign County Sheriff’s Office reports one hundred fifty-six (156) incidents leading to two hundred eight (208) offenses charged. On the following page is a snapshot of greatest frequency of offenses charged.
Greatest Frequency of Charges

- Domestic Battery: 38
- Aggravated Driving Under the Influence: 27
- Driving with Revoked/Suspended License: 18
- Unlawful Possession of a Controlled/Counterfeit Substance: 13
- Aggravated Battery: 12
- Criminal Damage to Property: 10
- Aggravated Fleeing Police: 7
- Resisting or Obstructing a Peace Officer: 6
- Possession of Cannabis: 6
- Aggravated Domestic Battery: 5
**Department Overview – Charleston Police Department**

Charleston Police Department consists of thirty-two (32) officers who utilize thirty-two (32) body worn cameras. The Department consists of one (1) chief, one (1) deputy chief, four (4) sergeants, four (4) detectives, four (4) lieutenants, and eighteen (18) patrol officers.

**Technical Issues**
Charleston Police Department reports issues with cameras locking up and not turning on. The cameras are sent to COBAN and are either repaired or replaced.

**Review Process**
Charleston Police Department supervisors review videos that contain any use of force or for further case review as needed.

**Incidents**
Between June 7, 2019, and December 31, 2019, Charleston Police Department reports thirty-two (32) incidents leading to thirty-seven (37) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

**Greatest Frequency of Charges**

- **Operation of Vehicles and Streetcars on Approach of Authorized Emergency Vehicles**: 6
- **Aggravated Battery**: 3
- **Domestic Battery**: 3
- **Possession of Methamphetamine**: 2
- **Driving Under the Influence**: 2
- **Burglary**: 2
- **Resisting or Obstructing a Peace Officer**: 2
- **Unlawful Possession of a Controlled/Counterfit Substance**: 1
- **Speeding**: 1
- **Battery**: 1
Chenoa Police Department consists of twelve (12) officers who utilize seven (7) body worn cameras.

Technical Issues
Chenoa Police Department reports zero (0) technical issues.

Review Process
Chenoa Police Department supervisors randomly review videos to ensure policy compliance. Supervisors review footage of major crimes and complaints.

Incidents
Between January 25, 2019, and December 28, 2019, Chenoa Police Department reports sixty-one (61) incidents leading to sixty-one (61) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Speeding
- Operation of Vehicles and Streetcars on Approach of Authorized Emergency Vehicles
- Driving Under the Influence
- Driving with Revoked/Suspended License
- Possession of Methamphetamine
- Obstructing Identification
- Domestic Battery
- Unlawful Possession of a Controlled/Counterfit Substance
- Battery
- Unlawful Use or Possession of Weapons by Felon
Department Overview – Chicago Police Department

Chicago Police Department is the largest municipal police agency in Illinois with approximately eleven thousand seven hundred (11,700) sworn officers. The Chicago Police Department is divided into two (2) offices: the Office of Operations and the Office of Constitutional Policing and Reform. The Chicago Police Department has prioritized officer worn camera deployment in the Office of Operations Patrol Districts.

Chicago Police Department Bureau of Patrol consists of twenty-two (22) patrol districts, which contain eight thousand (8,000) sworn officers. Most of these officers use body worn cameras. Chicago Police Department uses approximately eight thousand (8,000) officer worn body cameras.

Technical Issues
Chicago Police Department reports device batteries leaking after two (2) to three (3) years; vendor replaces the batteries.

Review Process
Chicago Police Department supervisors ensure:

- Department members use body worn cameras consistent with Chicago Police Department directives;
- Chicago Police Department application contains report of inability to record/download due to technical issues. Trained field technicians constantly monitor this application;
- Department investigates missing, lost, or damaged body worn cameras;
- Officers document footage review prior to writing report;
- Watch Operations Lieutenant (WOL) reviews at least one (1) recording per watch to ensure Chicago Police Department policy compliance; and
- District Commanders/Unit Commanding Officers, or their designee, review body worn camera information in Evidence.com to ensure each recording has an OEMC event number assigned to it.

Incidents
Between January 1, 2019, and December 31, 2019, Chicago Police Department reports sixty-two thousand one hundred twenty-two (62,122) incidents leading to sixty-five thousand two hundred seventy-one (65,271) offenses charged. On the following page is a snapshot of greatest frequency of offenses charged.
Greatest Frequency of Charges

- Issuance of Warrant
- Unlawful Possession of a Controlled/Counterfeit Substance
- Domestic Battery
- Retail Theft
- Driving with Revoked/Suspended License
- Battery
- Criminal Trespass to Real Property/Land
- Delivery or Intent to Manufacture/Delivery of a Controlled Substance
- Driving Under the Influence
- Assault
Department Overview – Chillicothe Police Department

Chillicothe Police Department consists of eleven (11) full-time sworn officers, including three (3) sergeants, one (1) detective, two (2) school resource officers, and one (1) chief of police. Twelve (12) body worn cameras are in use.

Technical Issues
Chillicothe Police Department reports downloading issues with the charging dock. Resetting the cameras and uploading an update resolves this issue. The Chillicothe Police Department reports issues with battery life of the cameras. Sending the cameras back to the manufacturer for replacement resolves this issue.

Review Process
Chillicothe Police Department Sergeants randomly review footage to ensure proper downloading. The Chief of Police, or his designee, flags footage for filed complaints or internal investigations. Department supervisors view footage:

- To investigate a complaint against an officer or a specific incident;
- To identify videos for training purposes and for instructional use;
- When officers show a pattern of alleged abuse or misconduct; and
- For any reason consistent with the Chief of Police directive.

Incidents
Between May 1, 2019, and December 31, 2019, Chillicothe Police Department reports sixteen (16) incidents leading to sixteen (16) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges
Department Overview – Chrisman Police Department

Chrisman Police Department consists of seven (7) part-time officers who utilize one (1) body worn camera.

Technical Issues
Chrisman Police Department reports issues with the body worn camera not syncing with the in-car system. Obtaining a new body worn camera resolves the issues.

Review Process
Chrisman Police Department Chief of Police reviews footage used as evidence or requested by the state’s attorney.

Incidents
Between January 16, 2019, and December 31, 2019, Chrisman Police Department reports seventeen (17) incidents leading to seventeen (17) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- No Proof of Insurance: 4
- Speeding: 1
- Driving with Revoked/Suspended License: 2
- Credit Card Fraud: 1
- Disobey Traffic Device: 1
- Driving Under the Influence: 1
- Expired Plate: 1
- Failure to Signal: 1
- Possession of Methamphetamine: 1
- Scott's Law: 1

2019 Body Worn Camera Report 23
Department Overview – Christian County Sheriff’s Office

Christian County Sheriff’s Office consists of fourteen (14) full-time deputies and four (4) part-time deputies who utilize body worn cameras.

Technical Issues
Christian County Sheriff’s Office reports issues with the body worn camera mounts.

Review Process
Christian County Sheriff’s Office supervisors review videos directly related to cases and periodically to check in on the activities of the deputies.

Incidents
Between January 1, 2019, and December 28, 2019, Christian County Sheriff’s Office reports thirty (30) incidents leading to thirty (30) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

![Pie chart showing the frequency of charges]

- Driving Under the Influence: 9
- Domestic Battery: 5
- Driving with Revoked/Suspended License: 3
- Aggravated Domestic Battery: 1
- Possession of Methamphetamine: 1
- No Valid Drivers License: 1
- Resisting or Obstructing a Peace Officer: 1
- Theft: 2
- Aggravated Assault: 1
- Aggravated Battery of a Peace Officer: 2
Coal Valley Police Department consists of ten (10) officers who utilize ten (10) body worn cameras as of October 2019.

Technical Issues
Coal Valley Police Department reports zero (0) technical issues.

Review Process
Coal Valley Police Department supervisors are authorized to review relevant recording any time they are investigating alleged misconduct or reports of meritorious conduct, or whenever such recordings would be beneficial in reviewing the member’s performance.

Incidents
Between November 28, 2019, and December 21, 2019, Coal Valley Police Department reports two (2) incidents leading to two (2) offenses charged, which include resisting or obstructing a peace officer and theft.
Department Overview – Coles County Sheriff’s Office

Coles County Sheriff’s Office consists of nineteen (19) deputies who utilize twenty-one (21) body worn cameras.

Technical Issues
Coles County Sheriff’s Office reports upload issues and recording issues where the camera stopped during recording and had to be restarted.

Review Process
Coles County Sheriff’s Office supervisors review footage if specific questions or problems arise, to check for tactical proficiency, and to assure policy adherence. Deputies report technical issues to their supervisor(s).

Incidents
Between January 19, 2019, and December 16, 2019, Coles County Sheriff’s Office reports forty-two (42) incidents leading to sixty-eight (68) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving Under the Influence: 19
- Possession of Methamphetamine: 6
- Driving with Revoked/Suspended License: 5
- Residential Burglary: 3
- Domestic Battery: 2
- Aggravated Domestic Battery: 1
- Home Invasion: 1
- Unlawful Use of Weapons: 1
- Possession of Drug Paraphernalia: 1
- First Degree Murder: 1
- Aggravated Assault: 1
Department Overview – Dana Police Department

Dana Police Department’s report does not provide department or body worn camera information.

Technical Issues
Dana Police Department reports zero (0) technical issues.

Review Process
Dana Police Department’s report does not include a formal review process.

Incidents
Between January 4, 2019, and November 10, 2019, Dana Police Department reports one hundred thirteen (113) incidents leading to one hundred thirteen (113) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

![Speeding](113)
Department Overview – East Peoria Police Department

East Peoria Police Department utilizes fifty-five (55) body worn cameras as of April 1, 2019.

Technical Issues
East Peoria Police Department reports issues including: connecting, battery charging, battery life, sporadic missing recordings, power up, and downloading. Replacing defective body worn cameras fixes the issues.

Review Process
East Peoria Police Department Sergeants randomly review recordings monthly to ensure the equipment operates, officers use the cameras appropriately, and per policy and training. Sergeants document their review on a Body Worn Camera Supervisor Review form. The Deputy Chief of Operation and Administration receives these completed forms.

Incidents
Between April 1, 2019, and December 31, 2019, East Peoria Police Department reports two hundred (200) incidents leading to three hundred eighty (380) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges
Department Overview – Elgin Police Department

Elgin Police Department utilizes one hundred seventy-three (173) Axon Body 3 cameras and thirty (30) Axon Flex 2 cameras. A total of one hundred fifty-seven (157) officers and supervisors utilize these body worn cameras. Members of patrol, administration, crime free housing, the gang crimes unit, ROPE (Resident Officer Program), traffic, USA (Unit for Special Assignment), and school resource officers utilize body worn cameras.

Technical Issues
Elgin Police Department reports technical issues including defective cameras and cameras not holding a charge.

Review Process
Elgin Police Department’s review process is as follows:

- The recording officer and his/her supervisor may access and review recordings prior to completing the police report or other documentation;
- Supervisors review critical incident footage;
- Lieutenants review an appropriate sampling of footage at least once every thirty (30) days to ensure equipment operates properly and officers utilize the cameras appropriately and in accordance with policy and training;
- Supervisors document their review and forward this completed form to the Body Worn Camera Program Administrator; and
- Supervisors do not review recordings to search for violations of policy or law not related to a specific complaint or incident.

Supervisors may review footage to discipline an employee when:

- A citizen files a formal or informal complaint of misconduct;
- The encounter in the footage could result in a formal investigation under the Uniform Peace Officer's Act;
- A use of force incident occurs; or
- As corroboration or other evidence of misconduct.

Supervisors shall not use footage for performance evaluations, but for the purpose of correcting substandard employee performance or highlighting commendatory performance of an employee.
Incidents
Between January 1, 2019, and December 31, 2019, Elgin Police Department reports two thousand three hundred fifty-four (2,354) incidents leading to two thousand three hundred fifty-four (2,354) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges
Department Overview – Evergreen Park Police Department

Evergreen Park Police Department consists of fifty-six (56) officers who utilize fifty-two (52) body worn cameras. An additional three (3) units are set aside for emergency spares, three (3) are used by code enforcement officers, and three (3) are used by the department’s detectives.

Technical Issues
Evergreen Park Police Department reports issues with the two-piece cable connection system. The Department now utilizes a one-piece system which resolves connection issues.

Review Process
Evergreen Park Police Department’s report does not include a formal review process.

Incidents
Between January 1, 2019, and December 31, 2019, Evergreen Park Police Department reports one thousand five hundred twenty-nine (1,529) incidents leading to one thousand five hundred thirty-two (1,532) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

2019 Body Worn Camera Report
Department Overview – Homewood Police Department

Homewood Police Department began utilizing body worn cameras in February 2019. Homewood Police Department consists of thirty-three (33) officers who utilize twenty-six (26) body worn cameras.

Technical Issues
Homewood Police Department reports minimal technical issues, including a body worn camera not turning on; returning the camera to the dock for a period of time resolves the issue.

Review Process
Homewood Police Department supervisors randomly review body worn camera video to ensure proper equipment operation, proper use of equipment, policy compliance, tactical proficiency, appropriate community interaction, and use of de-escalation techniques. Videos are also reviewed for part of the field training process, use of force incidents, traffic crashes, citizen complaints, in compliance with public record request, pursuant to a lawful process or court order, and preparation of written reports. Homewood Police Department may review video for training and instructional purposes.

Incidents
Between February 22, 2019, and December 12, 2019, Homewood Police Department reports one hundred fifty (150) incidents leading to three hundred thirty-seven (337) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Retail Theft
- Driving Under the Influence
- Driving with Revoked/Suspended License
- Identify Theft
- Unlawful Possession of a Controlled/Counterfit Substance
- Operation of Uninsured Motor Vehicle
- Resisting or Obstructing a Peace Officer
- Battery
- Driving on Roadways Laned for Traffic
- Unlawful Possession of Cannabis
Department Overview – Kendall County Sheriff’s Office

Kendall County Sheriff’s Office consists of fifty-three (53) sworn deputies, including administrative personnel, supervisory staff, investigations, and patrol deputies, four (4) of which utilize two (2) body worn cameras for a sixty (60) day assessment period.

Technical Issues
Kendall County Sheriff’s Office reports a minor issue with synchronization of the audio.

Review Process
Kendall County Sheriff’s Office developed and implemented a review and audit process that is conducted by operations supervisors.

Incidents
Between March 30, 2019, and June 8, 2019, Kendall County Sheriff’s Office reports ten (10) incidents leading to ten (10) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- 3 Driving Under the Influence
- 3 Driving with Revoked/Suspended License
- 1 Child Endangerment
- 1 Disobeying Stop Sign
- 1 Criminal Damage to Property
- 1 Forgery
Department Overview – Lake Villa Police Department

Lake Villa Police Department consists of sixteen (16) full-time officers and eight (8) part-time officers who utilize twenty-four (24) body worn cameras. All patrol personnel wear body worn cameras while on duty and the cameras are activated during police/citizen contacts.

Technical Issues
Lake Villa Police Department reports zero (0) technical issues.

Review Process
Lake Villa Police Department supervisors randomly review at least one (1) body worn camera video per officer, per month. Footage is reviewed for oversight or any concerns.

Incidents
Between July 20, 2019, and December 31, 2019, Lake Villa Police Department reports one hundred fifty-seven (157) incidents leading to three hundred thirty-two (332) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving with Revoked/Suspended License: 73
- Driving Under the Influence: 36
- Speeding: 29
- Operating Uninsured Motor Vehicle: 24
- Driving on Roadways Laned for Traffic: 19
- Driving Without a License: 16
- Expired Registration Plate/Sticker: 5
- Issuance of Warrant: 4
- Motor Vehicle Accident Involving Damage to Vehicle: 3
- Unlawful Possession of a Controlled/Counterfit Substance: 1
Department Overview – Lakemoor Police Department

Lakemoor Police Department’s report does not provide department or body worn camera information.

Technical Issues
Lakemoor Police Department reports zero (0) technical issues.

Review Process
Lakemoor Police Department’s report does not include a formal review process.

Incidents
Between January 1, 2019, and December 28, 2019, Lakemoor Police Department reports one-hundred thirty-five (135) incidents leading to one-hundred thirty-six (136) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving Under the Influence: 37
- Driving with Revoked/Suspended License: 34
- Driving Without a License: 23
- Domestic Battery: 14
- Speeding of 26 MPH or More: 11
- Theft: 5
- Unlawful Possession of a Controlled/Counterfeit Substance: 3
- Disorderly Conduct: 2
- Failure to Stop and Yield Signs: 2
- Aggravated Battery: 1
Lexington Police Department consists of eight (8) officers who utilize three (3) body worn cameras.

Technical Issues
Lexington Police Department reports issues with the internal hard drive crashing and cameras going to sleep mode with eventual powering down.

Review Process
Lexington Police Department supervisors randomly review videos to ensure compliance with policy. Reviews are conducted for most major crimes and based upon complaints.

Incidents
Between February 13, 2019, and October 12, 2019, Lexington Police Department reports four (4) incidents leading to four (4) offenses charged, which include operation of vehicles and streetcars on approach of authorized emergency vehicles, driving under the influence, driving with revoked/suspended license, and look-alike substances; manufacture, distribution.
Department Overview – Manteno Police Department

Manteno Police Department consists of nineteen (19) sworn personnel, which includes one (1) chief of police, one (1) lieutenant, three (3) shift sergeants, one (1) detective sergeant, one (1) school resource officer, eleven (11) patrol officers, and one (1) auxiliary officer. The Department utilizes two (2) body worn cameras, with an additional five (5) cameras on order. The Investigation Division uses cameras for obtaining interviews.

Technical Issues
Manteno Police Department reports short battery life and user error issues.

Review Process
Manteno Police Department shift supervisors and administrators review body worn camera footage for the creation of case files for video evidence obtained, to investigate alleged misconduct or reports of meritorious conduct, or in performance review.

Incidents
Between January 30, 2019, and December 15, 2019, Manteno Police Department reports forty-nine (49) incidents leading to sixty-two (62) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges
Department Overview – Maroa Police Department

Maroa Police Department consists of four (4) full-time officers, including one (1) police chief, one (1) sergeant, and two (2) patrol officers, who utilize five (5) body worn cameras.

Technical Issues
Maroa Police Department reports no technical issues, with any failed recordings being due to officer error.

Review Process
Maroa Police Department’s policies clearly describe the circumstances in which supervisors will be authorized to review an officer’s body worn camera footage. Supervisors may need to review footage:

- to investigate a complaint against an officer or a specific incident in which the officer was involved;
- to identify videos for training purposes and for instructional use;
- when officers are still in a probationary period or are with a field training officer;
- when officers have had a pattern of allegations of verbal or physical abuse; and
- when officers, as a condition of being put back on the street, agree to a more intensive review.

Maroa Police Department Chief of Police, or his designee, periodically conducts a random review of body worn camera footage to monitor compliance with the program and assess overall officer performance.

Incidents
Between January 16, 2019, and December 30, 2019, Maroa Police Department reports five (5) incidents leading to five (5) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving with Revoked/Suspended License: 1
- Resisting or Obstructing a Peace Officer: 1
- Driving Under the Influence: 2
- Arson: 1

2019 Body Worn Camera Report
Department Overview – Metra Police Department

Metra Police Department consists of one hundred twelve (112) full-time officers who utilize one hundred twelve (112) body worn cameras.

Technical Issues
Metra Police Department reports a camera hardware malfunction that has been resolved.

Review Process
Metra Police Department Police Digital Services Manager reviews footage daily in compliance with the Body Camera Act.

Incidents
Between January 6, 2019, and December 25, 2019, Metra Police Department reports seventy-seven (77) incidents leading to one hundred eighty-six (186) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

Greatest Frequency of Charges

- Driving Under the Influence
- Criminal Trespass to State Land
- Aggravated Battery
- Disorderly Conduct
- Trespassing on Railroad Property
- Driving with Revoked/Suspended License
- Resisting or Obstructing a Peace Officer
- Operating Uninsured Motor Vehicle
- Theft
- Obedience To and Required Traffic-Control Devices
Moline Police Department consists of eighty-one (81) officers who utilize eighty-four (84) body worn cameras.

Technical Issues
Moline Police Department reports issues including inability to upload videos, inability to connect to the internet, inability to connect to in-car camera, and failure to recharge the camera battery.

Review Process
Moline Police Department supervisors review one (1) recorded video for each officer assigned to their shift to ensure the body worn camera is being utilized. Once the recorded video has been reviewed, the supervisor documents the review in the notes section provided by Evidence.com.

Incidents
Between January 1, 2019, and December 19, 2019, Moline Police Department reports five hundred twenty-seven (527) incidents leading to five hundred thirty-eight (538) offenses charged. Below is a snapshot of greatest frequency of offenses charged.

**Greatest Frequency of Charges**

- Driving Under the Influence: 79
- Possession of Methamphetamine: 65
- Domestic Battery: 60
- Retail Theft: 51
- Unlawful Possession of a Controlled/Counterfit Substance: 49

- Possession or Transportation of Alcoholic Liquor in a Motor Vehicle
- Battery
Mundelein Police Department consists of fifty-three (53) police officers who utilize forty-eight (48) body worn cameras.

Technical Issues
Mundelein Police Department reports returning seven (7) body worn cameras for replacement due to batteries not holding a charge.

Review Process
Mundelein Police Department supervisors:

- Ensure officers utilize body worn cameras in accordance to policy and training;
- Review footage in their investigative scope, conduct further investigation they deem appropriate, and forward the information via the chain of command;
- Randomly review and document at least one (1) body worn camera recording quarterly for each officer they supervise to ensure equipment operates;
- Review body worn camera footage for administrative review of use of force incidents;
- Identify areas for training or guidance;
- Do not use footage to prepare performance evaluations, unless used for commending exemplary performance or correcting substandard performance; and
- Do not review footage for disciplinary purposes.

Supervisors review footage to determine possible discipline when:

- A citizen files a complaint of misconduct;
- An officer uses unauthorized or incorrect use of force;
- The encounter may result in a formal investigation under the Uniform Peace Officer's Act; or
- As corroboration of misconduct.

Incidents
Between January 1, 2019, and December 16, 2019, Mundelein Police Department reports three hundred sixty-four (364) incidents leading to three hundred sixty-seven (367) offenses charged. On the following page is a snapshot of greatest frequency of offenses charged.
Department Overview – Mundelein Police Department continued

Greatest Frequency of Charges

- Driving Under the Influence: 94
- Possession of Cannabis: 37

Department Overview – Rock Island Police Department

Rock Island Police Department consists of one hundred eight (108) employees, including eighty-one (81) sworn positions and twenty-seven (27) civilian positions. The Department is divided into five (5) divisions that include: administrative, patrol, criminal investigation, technical services, and tactical operations. The Department deployed Axon Body 2 and Flex 2 Body Worn Cameras beginning April 2017.

Rock Island Police Department has sixty (60) Axon Body 3 cameras in use with fifty-three (53) officers in the patrol division and seven (7) members of the tactical operations division utilizing body worn cameras. The Department’s emergency response team uses seventeen (17) Axon Flex 2 Body Worn Cameras.

Technical Issues
Rock Island Police Department reports issues including failure to charge fully, damage during arrest, camera not powering off, and not uploading videos. Eight (8) Flex 2 cameras had the batteries expand, causing their cases to separate. All cameras with issues are replaced by Axon.

Review Process
Rock Island Police Department supervisors review body worn camera footage when investigating use of force incidents, squad car accidents, pursuits, external or internal complaints, or for any other supervisory oversight function.

Incidents
Between January 1, 2019, and December 31, 2019, Rock Island Police Department reports eight hundred forty-six (846) incidents leading to one thousand two hundred sixty (1260) offenses charged. Below is a snapshot of greatest frequency of offenses charged.
