RE: Annual Report – Fiscal Year 2022
Intergovernmental Law Enforcement Officers In-Service Training Act – Mobile Team Unit Operations

---

I am pleased to issue this Annual Report on the operations of the Mobile Team Training Units in Fiscal Year 2022. The Annual Report provides summary data and information related to both the funding and operational activities of the 13 established Mobile Team Units from July 1, 2021 through June 30, 2022.

With the establishment of the Mobile Team Training Units in the early 1980's, pursuant to Public Act 82-674, the State of Illinois effectively created a law enforcement training network that is recognized throughout the nation as being "state of the art." It is a training system that provides local and state law enforcement agencies and their approximately 40,000 officers and support personnel with contemporary instruction on virtually every topic related to their complex public safety function. The result is that the State of Illinois and its citizenry enjoy the very best in law enforcement protection today with an intense focus on improving its evolution through training advancements. This Annual Report provides evidence of the continued effectiveness and productivity of the Mobile Team Training Units and their extremely important role to training officers around the State of Illinois including their partnership with both the Governor and the states legislature.

This year's annual report is the first report that will take into account the many changes effecting training through the SAFE-T Act legislation and the recent changes our office is experiencing in growth, personnel, and increased training needs. It is further our first year reporting following the universal interruption from in-person training since COVID. It is my hope, with the continued assistance from the Governor's Office and our General Assembly that we are able to communicate the needs of all three offices and understanding this report requests and additionally a clear picture as to the information provided within this report as we continue to strive together in creating a law enforcement community and training environment that our state may be proud to call 'ours'; as it leads the way for our nation and profession.

ANNUAL REPORT
INTERGOVERNMENTAL LAW ENFORCEMENT OFFICERS IN-SERVICE TRAINING ACT FISCAL YEAR 2022

Mobile Team Unit Funding in Fiscal Year 2022

The Illinois Law Enforcement Training and Standards Board awarded state funds totaling $6,208,036.20 to 13 Mobile Team Training Units in Fiscal Year 2022, under the authority of the Intergovernmental Law Enforcement Officers In-Service Training Act (Public Act 82-674) with an additional $642,865.57 (CIT & SRO) in Specialized Training including areas of Crisis Intervention Training Team & School Resource Officer Training and an additional $ 313,472.06 in federal grant funds to the Mobile Team Units for Traffic Safety funding through the U.S. Department of Transportation (Ill. #10). In total, the Mobile Team Units were awarded $7,235,309.29 in state and federal funds. This amount was augmented by expended local funds and tuition totaling $3,571,222.06.

For Fiscal Year 2022 the 13 Mobile Team Units collectively expended $10,774,390.60 in federal, state, and local funds, not including funds expended outside the MTU's (Ill # 3). Illustration #1 provides a map and address directory for each of the Mobile Team Units established and funded by the State of Illinois through the Intergovernmental Law Enforcement Officers In-Service Training Act. The concept of boundaries helps to map and to define the geographic areas known as Mobile Team Units that currently exist today. Officers have the flexibility to attend training opportunities throughout the state and are not restricted to the defined boundaries in order to reach the educational pinnacle necessary to become an effective officer. Illustrations #2 and #3 give a complete summary of funding provided to the Mobile Team Units in Fiscal Year 2022.

Mobile Team Unit Productivity in Fiscal Year 2022

The Mobile Team Training Units training activity was negatively impacted by COVID-19 in Fiscal Year 2021. However, 2022 showed a large spike in training and is reflective in the success of training statewide by each MTU collectively and as an individual entity. Nonetheless, the Mobile Teams conducted 37,319 hours of instruction at various sites and locations throughout the state. A total of 197,517 registrations were processed for courses tracked by the Mobile Team Units. Law enforcement agencies throughout the state committed 716,022 man-hours to training conducted through the Mobile Team Units only. This high level of Mobile Team Unit training activity provides convincing evidence of their continued value and acceptance by the local law enforcement community to not only train, but to follow the lead of both the Governor and Legislation

following the implementation of the SAFE-T Act. Illustration #4 provides a summary, by Mobile Team Unit and in total, of program activity/productivity in Fiscal Year 2022.

Mobile Team Unit Cost Effectiveness in Fiscal Year 2022

The delivery of training through the 13 Mobile Team Units continues to be justified by measures of efficiency and cost effectiveness. In Fiscal Year 2022, the Mobile Team Units provided a high volume of training at a cost of $288.71 per instructional hour; the cost per trainee was $54.55 and the cost per training man-hour was $14.64 (based on all dollars collected – state, federal, and local funds received). Considering the volume of training delivered, the cost effectiveness ratio seems to be well within acceptable parameters. Illustration #5 provides a breakdown of Mobile Team Unit training cost effectiveness data for Fiscal Year 2022 to which comparisons can be made to the increase in number of Registrants following COVID which has allowed the cost to see a decrease (costs not included as in 2021 was the soft-match provided by departments).

In addition, The Board and the Mobile Team Units conducted Mandatory Firearms Training Courses for law enforcement officers throughout the State consistent with mandatory provisions of the Illinois Peace Officer Firearm Training Act (P.A. 86-1324). The Mobile Team Units offered 84 Mandatory Firearms courses to 401 officers. Illustration #6 provides a summary of courses offered and total officers trained in Mandatory Firearms. In 2022, this Mandatory Training for all Officers saw a drastic adjustment to the training standard by increasing the qualification score to pass from 70% to 80%. Mobile Team Unit and Academy firearms ranges are inspected for safety and Board standards by qualified Board range staff each fiscal year. During Fiscal Year 2022 Board staff inspected all ranges used to conduct Mandatory Firearms Instruction. Each completed range inspection has a written report on file at the Board office. In addition, ILETSB has seen an increase in request for further inspections to create and certify more qualified ranges throughout the State of Illinois so as to mee the high demand of additional hours of training in the USE of FORCE as set by the SAFE-T Act.

Current and Future Funding

As detailed previously in this report, the State of Illinois provided funding totaling $6,208,036.20 to 13 Mobile Team Units through the ASSIST Program, under the provisions of the Intergovernmental Law Enforcement Officers In-Service Training Act in Fiscal Year 2022 which did not include federal grants, specialized training, or the IDOT grant funding. Anticipating that adequate state funds are available; the Board would hope to provide 13 Mobile Team Units with funding, not to include grants and specialized training, totaling $7,314,793.07 in Fiscal Year 2023 (projected) as we move forward in preparing for a tremendous change to our training needs and prepare to meet the demands of our constituents and the evolution of our profession. We continue to strive for maximum efficiency as Mobile Team Units throughout the state have accepted the demand for more training from agencies throughout the state as well as identifying

any deficiencies to which we may find and immediately move to address, train, build, and assist law enforcement officers throughout the state to ensure compliance in their training needs are not only met, but adhered to for public safety.

Illustration #7 shows a five-year trend including previous five year trends to Training in Illinois through all MTU's.

Illustration #8 provides a summary, by Mobile Team Unit and in total, of state funding awarded under the Intergovernmental Law Enforcement Officers In-Service Training Act (Public Act 82-674) for Fiscal Year 2022 (actual) and Fiscal Year 2023 (projected).

Illistration #9 & #10 provide an in depth look at areas of Specialized Training (CIT) and the Traffic Safety Grant administered through the Illinois Department of Transportation in partnership with ILETSB and the Mobile Training Units.

Summary

Through the efforts of Governor JB Pritzker, the Illinois General Assembly and the Illinois Law Enforcement Training and Standards Board; state and local law enforcement officers are provided an opportunity to attend "professional development" and "in-service" training programs throughout their careers. In years past, these courses have been widely offered at various locations by MTU's throughout the State of Illinois. Today, many more trainings are being utilized within departments, labeled "In-House Training", due to the enormous and focused effort on Use of Force Curriculum Development and Scenario Based Role Playing, to better prepare officers in simulated real-life situations to enhance their skills and abilities in the decision-making process given such incidents can occur within seconds. The State of Illinois and its citizenry deserve the very best from their Policing Community and each of their Law Enforcement Officers and Administrators. All Illinois residents have always been protected by professionally trained, competent men and women, who recognize their responsibility to maintain top job performance. Today more than ever, this need has grown immensely given the ever-changing demands placed upon our Men and Women in uniform. The Law Enforcement Community has openly accepted the responsibility and need for more and greater training. It will be the common goal of ILETSB & ALL our partners in the training arena, to openly discuss, identify, build, and acknowledge the need for added training, criticism, the development of better training, and most importantly a concerted and honorable look at where our profession stands today and who we want serving this profession and the community in the future. "***It is through this process that we are encouraged and hopeful that your goal is our goal and together we can build***".

Please kindly accept the 2022 ILETSB Fiscal Report on behalf of Director Keith Calloway.
